

Dr. Salem Abdallah
General Engineer
Director of Equipments and Deals
Ministry of Higher Education and Scientific Research in Tunisia

PERSONAL DETAILS

First Name : Abdallah
Last Name : Salem
Date and place of birth : 18/11/1968 Gafsa
Nationality : Tunisian
Marital Status : Married
Actual Function : Director of Equipments and Deals
Employer : Ministry of Higher Education and Scientific Research in Tunisia
Seniority : Since 1993
Grade : General Engineer
Address : Villa 28, Residence OPERA Bhar Lazreg La Marsa Tunisia
Mobile : +21697684440
Email : Abdallah.Salem@mes.rnu.tn

EDUCATION AND DIPLOMAS

2013 Higher School of Sciences and Techniques of Tunis, Tunisia
PhD in electric engineering

2002-2004 Higher School of Sciences and Techniques of Tunis, Tunisia
Master in automatic

1989-1992 National Engineering School of Tunis (ENIT), Tunisia
Engineer in Electric

1987-1989 Preparatory Engineering Institute of Nabeul , Tunisia
Studies of Preparatory Engineering

1980-1987 Secondary School of Houcine Bouzaeine -Gafsa, Tunisia
Baccalaureate

FIELDS OF COMPETENCE

- Public Procurement Management: *National and international laws for different financing funds: JICA, BIRD, OPEC, FADES, IBSD, KFAED, AFD, BEI...*
- Electric Engineering
- Higher Education: *Teaching, Supervision of Internships and Graduation Projects for Students in Collaboration with Industrial Companies, Programs and Equipments*
- Technical Management of Projects

WORK EXPERIENCE

- 2014 until now General Direction of Buildings and Equipment in Ministry of Higher Education and Scientific Research in Tunisia
Director of Equipments and Deals
- 2000-2014 General Direction of Technological Studies in Ministry of Higher Education and Scientific Research in Tunisia
Assistant Director of Planning and Equipments
- 1993-2000 Higher Institute of Technological Studies of Gafsa, Tunisia
Engineer Responsible of equipment

INTERNSHIPS

- 2009 (13 days) **Research Centre for Automatic Control of Nancy (CRAN) , France**
Research Internship in Development of Process Control Methods
- 2000 (07 days) **Agilent Technology, Colorado, USA**
 - *Visit to the Agilent Technologies: Manufacturing of Equipment Test and Electronic Measurements & Telecommunications*
 - *Visit to the University of Colorado: Education System*
- 1996 (01 month) **Professional University Institute (IUP) of Imaging Vision of Saint Etienne, France**
Study of Image Processing Chain: Acquisition, Preprocessing and Processing
- 1991 (01 month) **Tunisian Company of Electricity and Gas (STEG): District of Gafsa**
Study of the Electrification Projects
- 1990 (01 month) **Chemical Industry Group -Unit of Mdhilla- Gafsa, Tunisia**
Study of the Electrical Maintenance in the Factory

SKILLS

- Languages Arabic, French and English
- Computers Latex, Microsoft Office: Acrobat, Word, Excel, PowerPoint..., Internet, Matlab, Orcad, ISIS, Protel, MS Project

ADDITIONAL TRAINING

- 2017 A training in modern administrative management
National School of Management Tunisia
-Institute of Leadership and Management-
- March 2016 Spring School on "Evolution of electrical networks: Integration of Renewable Energy and DC transport networks"
- November 2015 Meetings management and team building
- October 2015 The disposition of the projects

May 2015	E-government and open government
January 2015	Certificate from Canadian Training Center of Human Development (CTCHD) on "The Advanced Scholarship of Human Development"
2010	Training Certificate in English From Bourguiba Institute of Modern Languages in Tunis
2009	Training Session on Electronic Message in Administration via Internet
2009	Training Session on Public <i>Procurement Management</i>
2006	Training Session on Public <i>Procurement Management</i>
2006	Training Session on Internet
2003	Training Session on Public <i>Procurement Management</i> of International Bank for Reconstruction and Development (IBRD)
2003	Training Session on Drafting of Administrative Documents in Arabic

TEACHING AND SUPERVISION

- Sessions of Vacation: Teaching of Courses in Electrical Engineering at the Higher Institute of Technological Studies of Rades, Tunisia (2004-2021)
- Sessions of Vacation: Teaching of Courses in Electrical Engineering at the Higher Institute of Technological Studies of Gafsa, Tunisia (1994-2000)
- Supervision of Internships and Graduation Projects for Students at the Higher Institute of Technological Studies of Gafsa, Tunisia (1993-2000) in Collaboration with Industrial Companies
- Course in electrical engineering to engineers of phosphate company of Gafsa (1999)
- Management of the equipment of higher education laboratories

RESEARCH ACTIVITIES

- Member of local organization committee of first and second International Conference on Advanced Systems and Electrical Technologies (IC_ASET 2017, 2018, 2019, 2020 and IC_ASET 2021) in Tunisia
- Researcher in the Laboratory of Advanced Systems at the Tunisia Polytechnic School, University of Carthage, Tunisia since 2004
- More than 07 Technical Papers on methods of processes control are Published in Journals and presented in Conferences (2004-2013)
- Presentation of Paper Untitled "Arbitration of Sports Games by Computer Tools: Challenge to the Twenty-First Century Technological revolution"; Tunisian-French Symposium "Games, Sport and Society" (2000)
- Management of the equipment of research center and laboratory

PROFESSIONAL MEMBERSHIPS AND AFFILIATION

- Member of the steering committee of the modernization project of the network of higher institutes of technological studies in Tunisia since 2020
- Member of the direction assembly of the Science Palace of Monastir –Tunisia- since 2020
- Member of International Electrotechnical Commission- Electromagnetic Compatibility

(EMC)- IEC/TC 77 « National Mirror Comity » since 2011

- Member of the Public Procurement Committee of the Ministry of Higher Education and Scientific Research, which has been under the watch of the Higher Committee for Monitoring and Verification of Public Procurement since 2016
- Member of the project leadership Committee of typical documents formulation relating to public procurements (Prime Ministry 2015-2016)
- Member of the Committee of recruitment in National Agency for Metrology (2016)
- Member of the Committee of the White Hall project in center for research in Microelectronics and Nanotechnology of Sousse (2016)
- Member of the Organizing Committee of an international forum on renewable energies, the development of electrical networks: renewable energies and the DC transmission network - March 2016-
- Member of technical Committee of the tender evaluation and quality (PARES II: project IBRD for Ministry of Higher Education and Scientific Research) 2012-2014
- Member of Committees of the Tender Evaluation of the Ministry of Education and Ministry of Training and Employment 2005-2013
- Member of Committees of the Tender Evaluation of the Ministry of Higher Education and Scientific Research since 1994
- Member of the Committee of Educational Program in electrical engineering for the Higher Institutes of Technological Studies (1994-2000)
- Coordinator of technical Committees of educational equipments for the Higher Institutes of Technological Studies (2011-2014)
- Member of Committee for creation of a Center of Academy and Professional Certification (2012-2013)
- Member of the recruitment Committee of engineers and technicians for Gafsa department (1997)

OTHERS ACTIVITIES

- Member of the Association of the Electrician Specialists in Tunisia (ASET)
- President of local comity in the High Commission for the election of the Constituent Assembly, election of 23/10/2011
- Treasurer of the Association of the University Sport of the Higher Institute of Technological Studies of Gafsa (1995-2000)
- Member of the Association of Sport and Work of the Higher Institute of Technological Studies of Gafsa (1994-2000)
- Member of the Editorial Board for the Magazine “Echo of the Institute” of the Higher Institute of Technological Studies Gafsa (1994-2000)
- Coordinator of the Sports and Cultural Festival of the Higher Institutes of Technological Studies - 1999 -
