QUALIFICATION

SCIENTIFIC

Bachelor in Civil Engineering year 2000- Albaath University-- . Syria

*Ph.D in Civil Engineering year 2007- Technical University of Civil -
.Engineering UTCB- Bucharest- Romania*

Graduation Project

Bachelor degree: Sewage Works Design for some villages near Homes-Syria besides to Combined Sewer Overflows and Wastewater Treatment .Plant

Ph.Degree: Industrial Wastewater Treatment Plants Design- Oil/Water .Separation by Lamella Settler Tanks

Experience Qualification

Practiced civil engineer at studies department of technical services - directorate of Hama from 2000 to 2002, in addition to the excution and .supervising many of sewage projects in Hama county

Ph.D engineer at studies department of technical services directorate of - .Hama from 2007after finishing Ph.D thesis

Visiter Ph.D candidate to some of industrial wastewater treatment plants in -

.Romania from 2002 until 2007

Work Places

**Technical Services Directorate of Hama(studies department):2000 -
-2001**

- .designed studies of sewage network for many villages in Hama county *
- .supervising and excution of towered drinking tanks *
- .design of canals and ditches for irrigation in Hama county *
- .constuctional design of some schools and governmental buildings *

Qumhanah municipality (Hama county):2001 -2002 -

supervising and excution many roads and sewers projects in Qumhanah *

.town

Granting of building authorizations for citizens of the town and supervision *

.of their excution

**Technical Services Directorate of Hama(department of Solid Waste -
Management):2007 -2011**

Accuracy of studies related to Landfill Design and Excution Considerations *

.in Hama county

Accuracy of studies related to Medical Waste Autoclave Systems Design *

.and Excution Considerations for Hama

Design municipal wastewater treatment plant by technology of the moving *

.bed biofilm reactor (MBBR) for Zezoon village in Hama countryside

Preparation technical conditions booklets for Design municipal wastewater *

treatment plants by using activated sludge technology for some villages in

.Hama countryside

Committee chairman for evaluation studying of compact municipal *

.wastewater treatment plant design for Maan village in Hama countryside

**Water resources Directorate of Hama(Department of Polution Control -
and Water Quality):2012 -2013**

monitoring and determining of polution indicators for industial firms , fish -

.farms and agricultural firms in all Hama province

determining of initial sites for fuel stations which will be built far away of -

.water resources and do not effect on that resources

contoling of groundwater polutions indicators in addition to dams levels in all -

.Hama province

**Technical Services Directorate of Hama(department of Solid Waste -
Management):2013 -2016**

supervising and excution of central landfill project (Altwail) in the wetern -

.countryside with coordination of military constuctions excution establishment

supervising and contoling of central landfill stations(Alburgan- Kasoon -

.Al,jabal) in the eastern countryside of Hama province

Treatment of solidwaste random spots with coordination of municipalities all -

.over the province of Hama

PRACTICAL CONTRIBUTIONS

*Participant member of scientific symposium(Leonardo Davinshi) about **
industrial wastewater treatment technologies in Chemistry Faculty of

.Bucharest University – Romania in September 2005
*Participant member of scientific symposium about domestic wastewater * treatment technologies in technical university of civil engineering (UTTBT) Bucharest-Romania 2006*
*participant of international exhibition about building techniques in (ROM * EXPO) Bucharest- Romania 2004*
*Participant member of scientific symposium about Constructed Wetlands * for Small Scale Wastewater Treatment Systems in Hama- Syria December .2010*
*Participant member of scientific training session about economic * evaluation of environmental destruction in environment affairs directorate .Hama- Syria December 2011*

PROFISSIONAL MEMBERSHIP

Member of Syrian Engineers Syndicate- Hama branch since 2000

Programs and languages

**.VB Net programming*
*.Access programming **
*.Office 2010 **
*.AutoCade programme **

LANGUAGES

**.Arabic: fluently*
*.English: very good **
*Romanian: good **

ADDITIONAL INFORMATION

*.Private Driving Licence Type(B) **
*.Military service finished **
