Resume objective

I am an assistant professor of Economics and Finance in the Department of Banking and Finance at Yarmouk University. I have strong knowledge of development economics and planning, strategy work, monitoring and reporting, and evaluating economic and statistical issues, public finance, green economy, econometrics, statistics, and investments at both the national and regional levels. My broad research interests are in Economic and Financial Modeling, econometrics, finance, and statistics, with a particular focus on financial econometrics. I conduct research in the areas of merger and acquisition, investments, energy economics, and corporate social responsibility. I also have strong data analytics skills and knowledge of various statistical tools for analysis, modeling, and inference.

Education

- **Ph.D. in Financial Economics**

University of New Orleans, Louisiana, USA

(Aug-2017 to Aug-2021)

Dissertation's title: "Merger, Efficiency, and Productivity in the US Credit Union Industry" Supervisor: Prof M. Kabir Hassan.

- **Master of Science in Finance**

University of New Orleans, Louisiana, USA

(Aug-2017 to May-2019)

- **Master of Science in Finance**

Yarmouk University, Irbid, Jordan

(Sep-2011 to Aug-2013)

- **Bachelor in Finance**

Yarmouk University, Irbid, Jordan

(Sep-2007 to June-2011)

Work experience

- **Assistant Professor of Finance**

(Sep-2021 to Present)

Yarmouk University, Irbid, Jordan

I attended international conferences and published numerous research articles on economics. In addition, I oversee the senior research projects of undergraduate students and conduct economic analysis. I also instruct full-time economics and finance courses such as:

- ✓ Principles of managerial finance 1
- ✓ Macroeconomics
- ✓ Mathematics of finance
- ✓ Business Statistics
- ✓ Investments
- ✓ Portfolio management

- **Teaching and Research Associate**

(Aug-2018 to May-2021)

University of New Orleans, Louisiana, USA

I participated in many international conferences like FMA and SEA, presented discussed, and chaired sessions. Moreover, I worked with several economic databases, and organized, cleaned, and analyzed various datasets while conducting numerous economics research articles. In addition, I taught (full responsibility) many undergraduate courses in statistics, economics, and finance. I also worked as a teaching assistant for several undergraduate courses and a Ph.D. class in investment. Furthermore, I worked as a tutor for two MBA classes as follows:

Instructor (Full Responsibilities): (In-person and Online)

- ✓ ECON 1203- Principles of Microeconomics, 5 times, (Undergraduate Level).
- ✓ QMBE 2786-Intermed Bus & Econ Stat, (Undergraduate Level).
- ✓ FIN 3302-Investments, (Undergraduate Level).
